The Next Generation of Automated Cutting

GERBER
PARAGON

EASE OF USE

Even inexperienced users learn to operate Paragon in only a few hours and can rely on its built-in intelligence to guide them through any cutting task.

MAXIMUM THROUGHPUT

Quick, accurate set-up and self-adjusting cutting intelligence means more parts are cut in less time.

OPTIMAL FIRST-RUN YIELD

Paragon's built-in intelligence balances speed and quality to deliver perfectly cut parts the first time, every time.

UPTIME

Simple design and intelligent engineering combine to deliver the most reliable cutting system on the market.

METRICS THAT MATTER

Real-time metrics enable managers to analyze workflow issues and maximize cutting efficiency.

Simple by Design

Message from Senior Minister, Minister of Commerce

As a result of the 15 months successful implementation of the Rectangular Strategy-Phase III of the Royal Government of Cambodia, the Cambodian Economy (GDP) has grown approximately 7% for the period of September 2013 to September 2014. The private sector has also made a remarkable progress in promoting trade and development. The Cambodian export has increased 5% compared to the last ten months of 2013 and the export to European market has also increased almost 16% due to the relaxation of the Rule of Origin for export products from Least Developed Countries (LDCs). The rapid increase in investment and export has directly produced couple of hundred thousand additional jobs for Cambodian workers. The total direct employed workers in the textile and the garment industry up to December 2014 is about 650, 000 workers. This progress demonstrates that the Cambodian economy is moving from a subsistent stage to a development stage.

It is recognized that the Garment Manufacturers Association in Cambodia (GMAC) has played a leading role in joining the Cambodian Government to promote a conducive-business environment for the growth of garment and footwear manufacturing in Cambodia. In its role as coordinator and facilitator to assist 737 factories in Cambodia, GMAC has been working very closely with the Cambodian Government, especially with the Ministry of Commerce and other ministries in putting a success in many areas, such as signing of MOU on ILO Better Factories Cambodia Program, joining the Ministry of Commerce in lobbying EU and US for duty free market access, collaborating with ASEAN Federation of Textile Industries (AFTEX) in promoting ASEAN branding and regional supply chain, and preparing for ASEAN single market and production in 2015 and beyond.

On behalf of the Ministry of Commerce of the Kingdom of Cambodia, I would like to express my sincere appreciation to GMAC and its members for its endeavors in working closely with the Ministry of Commerce for the past 18 years to develop the garment and footwear industry in Cambodia. As Cambodia will, jointly with other nine ASEAN Member States, establish ASEAN Economic Community by 2015, I encourage GMAC and its members to continue its close cooperation with the Ministry of Commerce and other government agencies to further develop trade and industrial sector. Through this traditional-closer communication and coordination, the Ministry of Commerce will regularly update its reform agenda to reflect to the needs of GMAC and to improve a business environment for private sector and an effective integration of Cambodian economy into regional and global economies.

From the information contains in this Annual Bulletin, I can clearly see that the Bulletin is a most useful information outreach for both, local and international businessmen, who wish to learn about success story in doing business in Cambodia and to understand the business environment in Cambodia in the context of AEC 2015. I hope this Bulletin will also guide potential investors to find their business/investment partners in the garment & textile sector.

I would like to wish readers all the best and a success for the year 2015.

SUN Chanthol
Senior Minister
Minister of Commerce

Message from Chairman

It gives me great pleasure to introduce you to the 2015 GMAC bulletin.

The main objective of GMAC is to establish a conducive and healthy business environment for the garment and footwear industries through our regular activities of representation and advocacy, capacity building, information sharing and dissemination, networking and trade facilitation.

In order to achieve the above objectives, GMAC works very closely with the Royal Government of Cambodia to help reduce bureaucracy and encourage trade facilitation. We also assist our members in the area of industrial relations and work hand in hand with the trade unions to promote and ensure industrial harmony.

We constantly try to upgrade the technical skills and knowledge of our members and the workers by providing relevant training courses in a timely manner.

This bulletin tries to capture the many different activities of GMAC and will hopefully allow all of you to better understand what we do and who we are. You will also be able to find other relevant information pertaining to our industry.

We hope you enjoy reading and find our information useful.

Sincerely yours,

A handwritten signature in blue ink, which appears to read 'Van Sou Ieng'. The signature is written in a cursive style and is underlined with a blue line.

Annual General Meeting

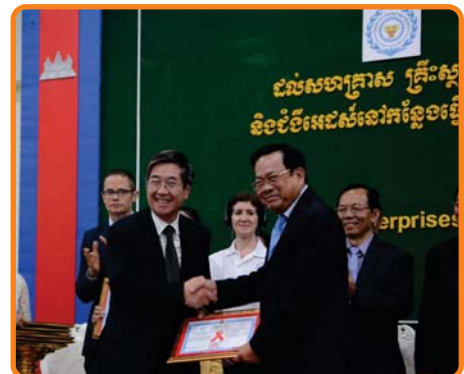

Established since 1996, Garment Manufacturers Association in Cambodia (GMAC) is the apex trade body that represents the garment and footwear industries in Cambodia.

GMAC is governed by a 25-Member Executive Committee (Exco) elected at our biannual General Assembly. The multi-national Executive Committee sets the policy and direction of the Association with the ultimate aim of ensuring continued growth and development of the garment and footwear sector in Cambodia. 8 Sub-Committees have been set up to deal with various priority issues the industries are facing.

The Secretary-General reports to the Executive Committee and is responsible for the operations of the Secretariat and to ensure that the decisions of the Executive Board are carried out.

At December 2014, GMAC has a total of 570 export-oriented garment factory members and 58 footwear factory members, as well as 70 associate members. Together, our members employ more than 600,000 workers making us the largest industry in Cambodia.

GMAC Organization Structure

Day-to-day operations are carried out by a professional team of secretariat staff under the supervision of a Secretary General.

Our Mission

To make Cambodia a preferred partner in the competitive global apparel and shoes market

Our Vision

- To collaborate with all stakeholders to promote a conducive business environment for the growth and development of Cambodia apparel and shoes industry;
- To provide prompt and crucial information pertaining to the industry;
- To support Cambodian government and the industry in the development of human capital;
- To embrace corporate social responsibility in management principles so as to develop mutually beneficial relationships and sustainable development.

Our Inspiration

- High Quality
- Low Cost
- Shorter Lead-Time
- Innovation & Services
- Corporate Social Responsibility

Cambodia Garment and Footwear Industries

Cambodia, officially known as the Kingdom of Cambodia, is a country located in the southern portion of the Indochina Peninsula in Southeast Asia with a total landmass of 181, 035 square kilometers.

It is bordered by Thailand to the northwest, Laos to the northeast, Vietnam to the east and the gulf of Thailand to the southeast.

The kingdom is a constitutional monarchy with a King being Head of State and a Prime Minister being Head of government. Cambodia has a population of 14.8 million people most of whom are young and economically active labour force. The official religion is The Ravada Buddhism that is practiced by around 95% of the Cambodian population.

Rebuilding from decades of civil war, Cambodia has seen rapid progress in the economical and human resource areas. The country has had one of the best economic records in Asia, with an average of economic growth rate of 7% for the last 10 years. Strong garment, agriculture, construction, and tourism sectors led to foreign investments and international trade. In 2005, oil and natural gas deposits were found beneath Cambodia's territorial waters, and once commercial extraction begins in 2013, the oil revenues could profoundly affect Cambodia's economy.

The Cambodian garment industry started in 1993 when foreign investors started to venture into Cambodia. With the granting of MFN/GSP trade privileges to Cambodia in 1996 by both the USA and EU, the garment industry has maintained its pre-eminent position in the industrial landscape of Cambodia.

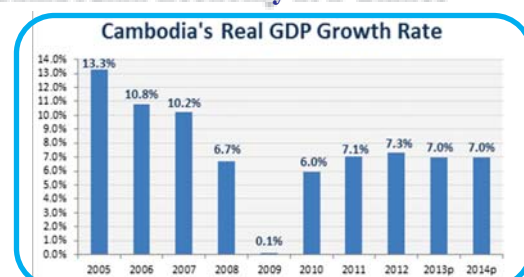

The imposition of garment quotas by the USA in 1999 did not hamper this meteoric rise. In retrospect, the quota issue spurred on more investments into the sector as the quotas imposed upon Cambodia by the USA were, on a per capita basis, the most generous among all countries subjected to this unilateral quantitative restraint regime due to Cambodia's commitment to uphold fundamental labor standards. Quotas were abolished in 2005 with the expiration of the Multi Fibre Agreement in December 2004. The success and development of the industries can hardly be overemphasized. The number of garment factories has grown from 48 in 1996 to 540 by December 2014 with total export value of exceeding \$5 billion.

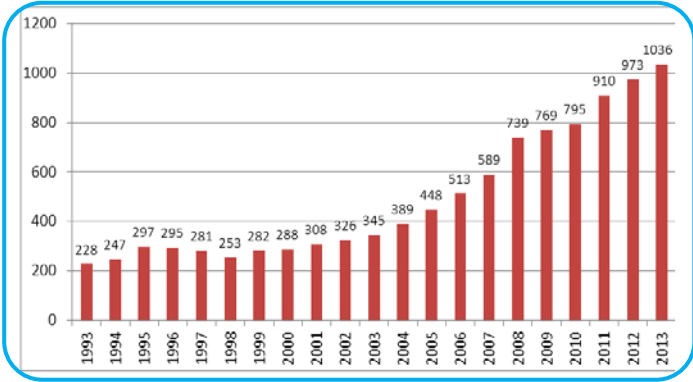

The footwear industry has also grown significantly over the last 6 years. The number of factories has nearly doubled and we have seen exports more than

quadruple since 2008. In 2014, the number of functioning factories grew to 58 with total exports of \$268.66 million.

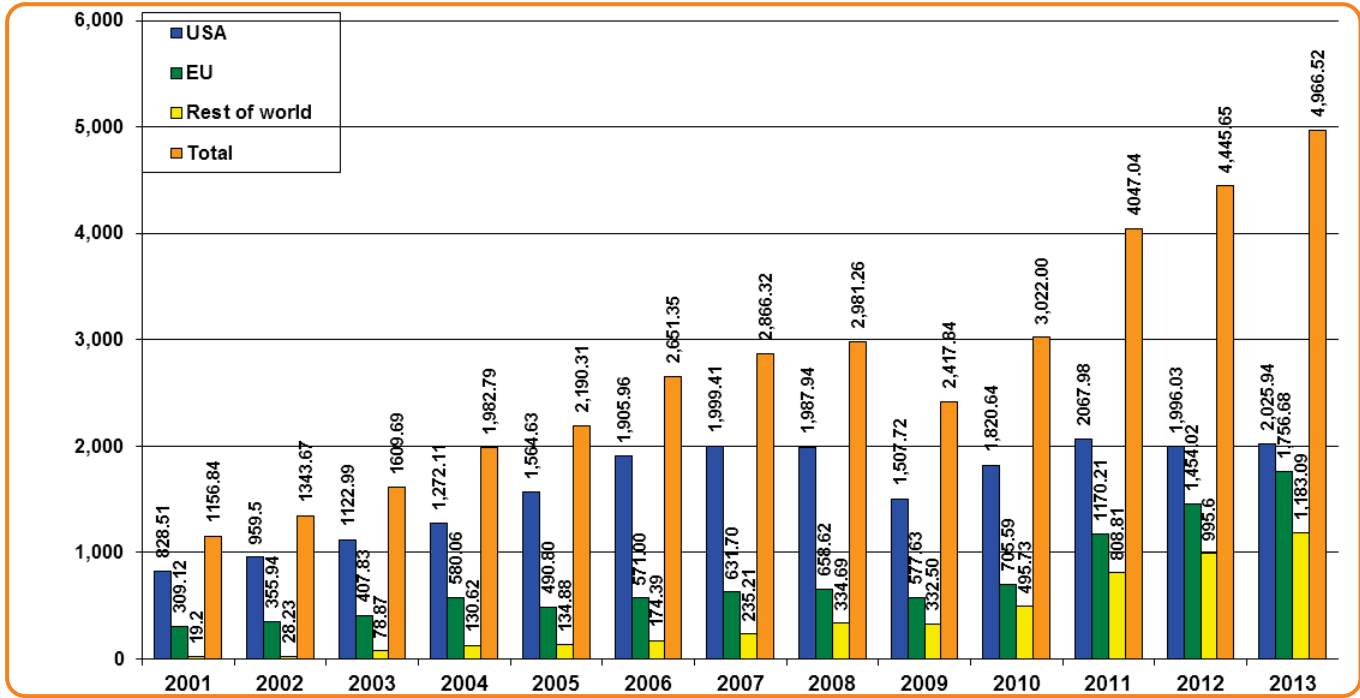

Both garment and footwear exports account for approximately 80% of Cambodia's total export and foreign trade. Our industry contributes substantially to the economy both directly as well as indirectly through employment generation, inflow of foreign currencies minimizing the country's current account deficit, transfer of technologies and human capital development.

Cambodian Economy at a Glance

- Inflation rate**
 - Average 2.5% in 2013; Est 3.5% in 2014 (ADB)
- Total labour force**
 - 7,641,863 in 2008, 8,600,984 in 2012 thru 3% growth yearly
- Unemployment rate**
 - 0.2% (Refer to ADB data sheet)
- Literacy rate**
 - 2008 National Population Census puts the adult literacy rate at 77.6% (15 years old and over)

Regional Affiliation

ASEAN Federation of Textile Industries

GMAC continue to be an active member of the ASEAN Federation of Textile Industries (AFTEX) which has been in existence since 1978. AFTEX promotes cooperation and coordination among textile and apparel industries in ASEAN, the community with a total population of 600 million people.

Though building respective national competitiveness is one of the key things to sustain and grow in the marketplace, there is a need for deeper ASEAN integration as a necessary requirement for continued growth and to stay competitive. Everybody knows that even a small move in integration could benefit the region greatly through more intra-ASEAN trade. Every link in the supply chain can be found in the member countries. The region's joint and coordinated efforts can improve the situation and ASEAN will be a stronger community and economic block. This is possible, particularly, with the development of the ASEAN Economic Community Blueprint endorsed by leaders of all the ASEAN countries.

Legal and Labour Relations Assistance

GMAC Legal and Labour team provides inspection and legal consultation services to factories when they apply to become our member. The team also assists our members in the process of labour dispute resolution as well as provides training on both soft and hard skills on a regular basis and upon the request from members.

1 Inspection and Consultation Services

A physical site inspection is a requirement for all new members of the Association. The purpose of the inspection visit is to ensure that the factory is a manufacturer with bona fide operations. We also check to ensure that the company has all relevant legal documents obtained from relevant ministries pertaining to the running of a factory. The team would provide advice and consultation in the event that any requirement has not been fulfilled.

2 Assisting Members in Labour Dispute Resolution

The team provides assistance to members in the area of labor dispute resolution. At each stage of the dispute resolution process, the team can help the factories by providing them with both legal and non-legal advice, representing them in the negotiation process with the trade union as well as accompanying them in a hearing process at the Arbitration Council.

3 Conducting Training for Members

To help ensure the continuous upgrading of skills and knowledge of our members, GMAC legal and labour team organizes regular training courses covering topics such as Labour Dispute Resolution Procedures, Employment Contract Enforcement and Staff Retrenchment, Union Establishment and Scope of their representation, Proper Wage Calculation Methods, etc.

In order to better achieve our objectives, we often conduct such training in conjunction with trainers from relevant institutions such as from the Ministry of Labour and Vocational Training, International Labour Organization (ILO) and local universities. In addition, we also conduct on site trainings at the factories at the request of our members.

Trade Facilitation

Ministry of Commerce facilitates export

H.E. Sun Chanthol announced his intentions for deep reforms immediately after his appointment as the Minister of Commerce during the 5th mandate of the Royal Government of Cambodia.

Amongst the many reforms implemented thus far, the streamlining of the whole process of application for Certificate of Origin has impacted our members the most. Not only have we seen a reduction in the fees for such Certificate of Origin, we have also experienced a simplification of the application process itself.

The reform process for the application for Certificates of Origin will come to fruition when the whole system is automated and exporters will be able to apply and receive all required documents online without having to be physically present at the Ministry.

Government-Private Sector Forum

GMAC acts as the secretariat for the 7th Working Group on Export Processing and Trade Facilitation in the GPSF. This working group allows all exporters a platform to raise suggestions and feedback problem areas that requires the attention and intervention of the Minister of Commerce to encourage and promote trade facilitation. Problems that cannot be resolved at the Ministerial level will then be forwarded to the Prime Minister for his personal attention and resolution.

HE Kun Nhem, Royal Government delegate in charge of Customs

The Customs Private sector Partnership Mechanism (CPPM) initiated in 2009 by the Customs and Excise Department is another platform for our members to feedback any problems relating to Customs procedures during the import and export process. The Director-General of the Customs and Excise Department has helped our members resolve many issues over the past few years

Skills and Productivities

The Cambodia Garment Training Center (CGTC) was established in October 1999 with support from the Japanese Government through the Ministry of Economy, Trade and Industry (METI). A technical expert was dispatched to CGTC to provide management and technical support through the transfer of knowledge.

Various training courses have been conducted in response to the needs of members and the general public as well as the fresh graduates and job seekers who want to join the industry.

The training curriculums and learning materials are constantly developed and updated by combining the ideas and experiences of local trainers and international experts in order to deliver top-quality training courses.

Pattern Making Training Course

Each course description answers these questions:

1. What is the course about?
2. Who is the course aimed at?
3. Is the course suitable for on-site consolidation?
4. How is the course presented?
5. What are the course objectives?
6. What do the candidates get at the end of the course?

Each course has a detailed program specifying exactly what will be taught during each 'session' of the day - this clarifies what the courses will actually cover on a day-to-day basis, so that candidates attending the courses and managers booking the courses know that their time will be well-spent.

Over many years of presenting these detailed program to companies-factories we have been able to refine and streamline the standard courses so that any subject areas that employers commonly-held as irrelevant or unnecessary have been removed and any 'missing' outcomes have been added. The content of our standard courses is therefore the product of the input from hundreds of different employers in this industry.

Pattern Making Class Activity

Garment Quality Management Training Course (QC)

In 2014, we began to offer some soft skill training programs on various topics such as “Understanding Cambodian Culture at Workplace, Method for Salary Tax Calculation, Internal Audit Skill, Secretariat and Administrative Skill, Import and Export Skill.

Seminar on Salary Tax Calculation Method

Q&A Session during Salary Tax Calculation Seminar

CGTC's training policy mainly focuses on the quality. Therefore, only those who have very good knowledge and practical experiences on the topics are selected to be our trainers. We are committed to providing members the best quality training, the best services and the best prices.

You can review our training program for 2015 at: www.gmac-cambodia.org/training/

Cambodian Garment Training Institute (CGTI)

The project has been initiated and is managed by the Garment Manufacturers Association in Cambodia (GMAC). The project objective is to create a Cambodian Garment Training Institute (CGTI), to cover the human resources gap at middle management level in the garment industry and to improve its competitiveness.

The Institute will be located in the Phnom Penh Special Economic Zone in a purpose built three-story building with the most advanced technology being used in the industry.

The Institute will train Cambodia's unskilled garment workers and other Cambodians who wish to undertake higher level job in garment factories. It has three main objectives:

- ❶ **Long term training (12 months):** 240 young people per year. The training costs are paid either by the students or the enterprises. The training program is open to young people who have finished secondary education and completed university studies (i.e. Bachelor's degree). Target occupation: assistant, with the aim of filling the skilled jobs that presently are predominantly held by non-Cambodians.
 - ❷ **Short term courses (< 3 months):** 1,600 trainees per year. The cost of the training is borne by the companies. Courses are opened to workers, either supported by their companies or on a voluntary basis (evening class).
 - ❸ **Consulting services:** additional activities and services that can be offered to the GMAC members and others organizations.
- ★ **Regarding the long-term courses, the four following qualifications are targeted:**
- Garment construction experts (pattern making and adaptation) garment sewing.
 - Garment production engineers (manufacturing process).
 - Apparel merchandisers (garment designers).
 - Quality assurance specialists (quality control).
- ★ **Regarding the short-term courses, the following qualifications are targeted:**
- **Supervisory skills:** delegate work efficiently, understand and respect labour law, listen well and communicate clearly, negotiate and resolve conflicts, help factories to minimize workflow disruptions and speed work through the line, plan the work, develop motivation, improve the process, lead a team, guarantee quality of the products.
 - Specialized skills in pattern making, design, merchandising.
 - Technical skills: cutters, sewing operators, pressers, electricians and mechanics for garment industries.

The CGTI will be recognized as a Private Accredited Training Institute by the Ministry of Labour and Vocational Training (MoLVT) and diplomas will be certified by the MoLVT. The short-term courses will be certified by CGTI/GMAC.

GMAC & General Department of Taxation

Cambodia's taxation rules vary according to the taxpayers' regime. GMAC in close collaboration with General Department of Taxation has organized many trainings workshops on tax related issues. These training workshop aim to educate our members on any new tax regulations and also allow an opportunity for members to clarify matter pertaining to their tax obligations.

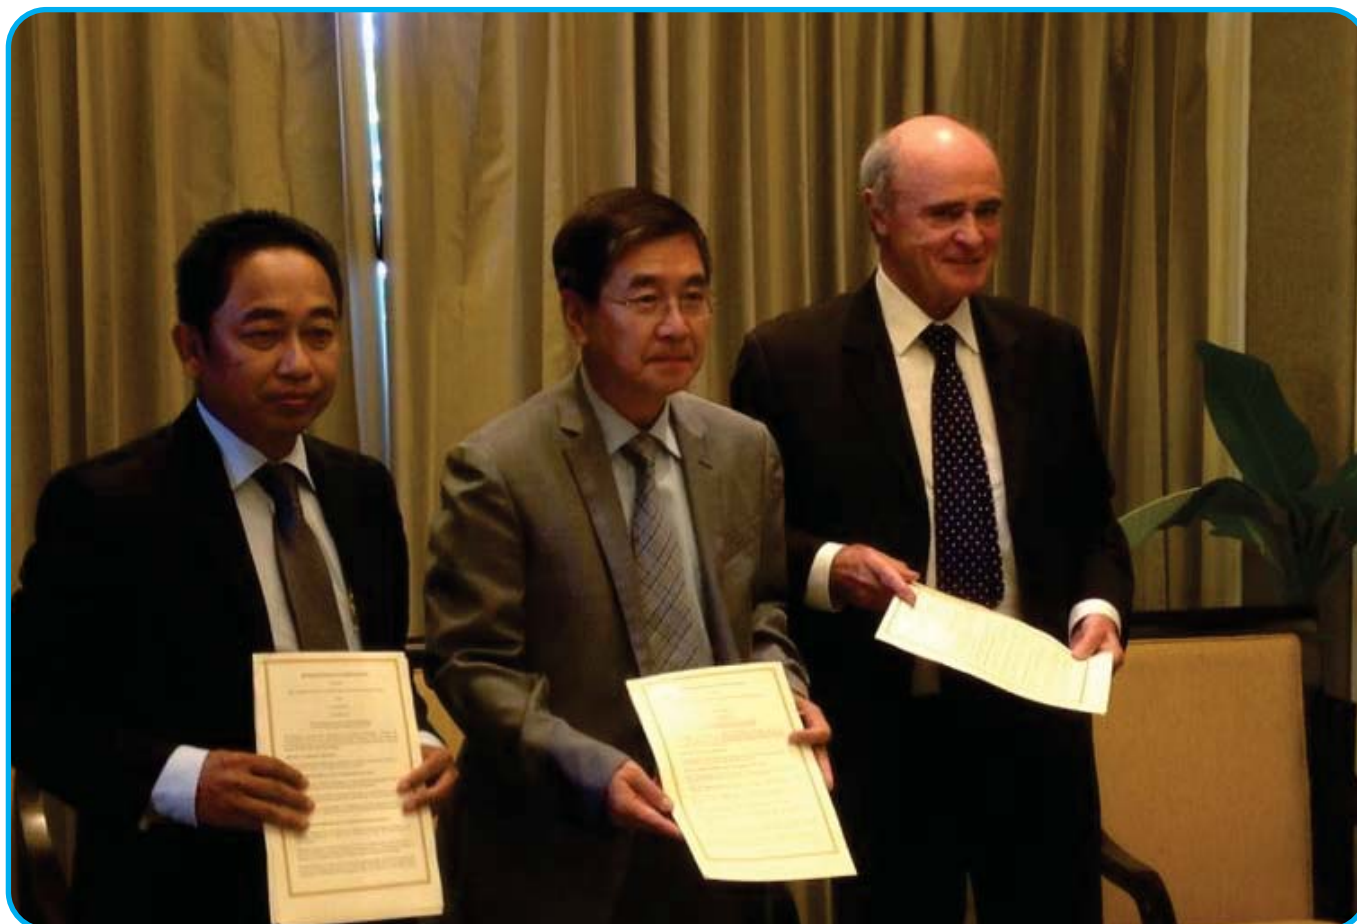

Trade Promotion

Promoting Cambodia-Europe Trade

Garment Manufacturers Association in Cambodia (GMAC) represented by our chairman Mr. Van Sou Ieng signed a Memorandum of Understanding (MoU) with EVALLIANCE represented by Mr. Jean-Francois Limantour, the President. Both GMAC and EVALLIANCE are not-for-profit associations and the MoU will further promote trade, strengthen business cooperation and build Human Resources for Cambodia's garment textile and footwear industries.

Safe Industry, Safe Program

Strengthening Activities of Factory Education (SAFE) is a program participated by 58 of GMAC members focusing on industrial health and occupational safety.

While HIV/AIDS, Tuberculosis and others diseases are protectable, Occupational Safety and Health (OSH) and Employee health and well-being are not different. GMAC's SAFE initiatives bring members' attention and serious commitment to protect their workforces. Having worked within the trainings, campaign and event jointly organized by GMAC members and related partners, the employees realized the importance of being healthy and safe.

GMAC strongly supports CBCA Organization to bring more activities to the industry's SAFE Program which focuses on building management and employee knowledge about workplace safety and practices leading to improved health outcomes across several areas leading to boosts in productivity and profitability.

The new CBCA's *Health and Safety Smart Workplace Program* has been customized to:

- ① Personal Health Care: Daily hygiene, nutrition (Food & Water)
- ② Nutrition (food and water consumption)
- ③ Occupational Safety and Health (OSH)
- ④ HIV/AIDS & STIs program and policy development and implementation
- ⑤ Tuberculosis prevention education
- ⑥ Harm minimization: Alcohol, illicit drug)
- ⑦ First aid & fire drill
- ⑧ Reproductive and sexual health
- ⑨ Enhancing disability for improving productivity
- ⑩ Traffic safety

Occupational Health and Safety and HIV/AIDS in the workplace

The Cambodia Business Coalition on AIDS “CBCA” is the lead organization providing workplace training and management to Cambodia's private sector in response to HIV/AIDS, Occupational Safety and Health (OSH), first aid and employee health and well being.

CBCA is proudly supported by Garment Manufacturers Association in Cambodia (GMAC); the Cambodian Federation of Employers, Business Associations (CAMFEBA); Cambodia Chamber of Commerce (CCC); and the Asia Pacific Business Coalition on AIDS (APBCA).

In 2014 GMAC, APBCA, ILO, CARE and LEVI Straus Foundation supported CBCA to develop and implement HIV/AIDS & OSH workplace policy and education programs to building management and employee capacity on health care, first aid, and occupational safety and health practices leading to improve workers' health and to boosts in productivity and profitability.

CBCA's key Achievements, 2013-14

Health and Safety Workplace program

In 2014, there are 34 companies and garment factories are running HIV/AIDS, health promotion and occupational safety and health (OSH) programs. Those companies and factories are GDM Enterprise Co., Ltd; Zhen Tai garment (Cambodia); Evergreen Apparel; Kimna Dry process; RooHsing; Roo Hsing branch, GDM Enterprise branch, C-Square garment, Chu Hsing garment, Regrence Footwear, Cambodia Beverage and EFG Co. Ltd, Chih Hsing garment (Cambodia), Colour Apparel Garment (Cambodia), Evergreen Apparel (Cambodia), Hai Tan garment, Grand Textile (Cambodia), Injae Garment, LimLine international (Cambodia), Meng Ieng garment, New wide (Cambodia), Nextou Co., Ltd, Perfecta (Cambodia) garment, San Fong International, Tak Fook (Cambodia), U*Knite (Cambodia), Zheng Yong Garment, Now Corp, Chevron (Cambodia), Horse Ware Cambodia, DFI Lucky Private, Quantum Apparel, Unipros (Cambodia), Starlight Apparel and Gowon

Apparel. Most of these factories have established HIV/AIDS Committee, policies and health promotion activity. Specifically:

21 garment factories awarded by Minister of Labour and Vocational Training for their effort in the response to HIV/AIDS in their workplace, in 2014. 3,797 workers were directly trained on reproductive health and HIV prevention method.

434 employees were trained on Occupational Safety and Health (OSH), First Aid, and health care including hygiene & nutrition.

In directly about 22,000 workers received the HIV/AIDS prevention, health promotion, First Aid, OSH messages and health services information in the workplace and community.

Special campaign (Awareness raising on HIV during World AIDS Day):

HIV committee in 6 factories conducted the campaign that directly reached 960 workers and about 2000 workers observed the event.

**You shouldn't wait until your employees get sick.
Be proactive and get involved now to protect your
staff and your productivity!**

Social Activities

Flood Donation

When flooding struck the province of Prey Veng, GMAC led by Mr. John Cha, Second Deputy Chairman and members of the Executive Committee visited the victims and brought along donations of rice, food, clothes, shoes, and other essential household items donated by our members.

“We are not just a big industrial organization that provides employment to more than 600,000 Cambodians but GMAC also play our part as a corporate citizen in these times of disasters. The donation is just a small part of GMAC's contribution to the social development of Cambodia”, said Mr John Cha. Some members were also affected by the flood that interrupted their production activities”.

GMAC would like to thank all members for their donations to help the needy.

Red Cross Donation

GMAC contributes annually to the Cambodian Red Cross as part of our corporate social responsibility activities to help poor people and disaster effected victims.

Sport: Go Goal!

GMAC FC, the newest social football club was formed in 2014. We have regular matches with other soccer teams from the various Ministries, Trade Unions as well as teams from our member factories to promote a healthy and active lifestyle as well as a mean to build camaraderie amongst our staff. “Every time we win, we have a celebration but when we lose, everyone is quiet. I think there is a lesson to be learned here. No goal, no food” jokes Kaing MK, the Captain.

Mr. Van Sou Ieng, Chairman of GMAC witnessed the very first match at the Cambodia Country Club (CCC)

Kids & Schooling

“If you promise you go to school, study hard, and get your future shaped to be one of good students and good person, we support you” Ly Tek Heng talked to kids at Dumpsite Children Center housing around 80 orphans. The schools kits, clothes and shoes have been donated to them. Kids are quite happy to try new shoes, clothes and school bags full of stuffs. We have only one philosophy “Building Human Resources”.

KUNTHA BOPHA Children Hospital

Zhen Tai Cambodia Garment and Kimnar Dry Processing sent their donation to the children hospital under the initiative of SAFE Working Group on health care and safe workplaces programs. We started with small contribution from our beloved workers and employees and of course management teams who share their heartfelt and sympathies to many children who are sick and call for urgent help.

In 2015 all GMAC members are contributing to the children hospital to help more curing activities of saving beloved children to survive. On different occasions GMAC deliver these charity funds.

Sport: Win or Break the Rope

GMAC-TOW: With some years of experiences in the war [tug of war], GMAC and members have become known to the public for such cheerful ever event to be organized. The trophy was raised in the air by strong and recognized strong team with a loud noise “My factory win!”. The event was televised and covered in some medias. The war of jolly fun participated by members in the National Olympic Stadium and the Cambodian Tug of War Federation who cooperated and managed the event. Mr. Uy Sarin, Secretary of State of the Ministry of Educations, Youth and Sports, and President of the Cambodian National Tug of War Federation expressed that the Industry has become the first biggest Tug of War Tournaments that other countries invited those winning teams to compete overseas. GMAC's Operations Manager, Mr Ly Tek Heng was elected to be the Vice President of the Cambodian Tug of War Federation. This year, we will bring together more strong teams to compete and GMAC team is ready to the coming match!
